### NO POSTPONEMENT IN THE VICTORY LOAN

Toronto, Oct. 21.—At a meeting of the Dominion Victory Loan executive this afternoon it was unanimously decided that there should be no postponement of the campaign. In view of reports from a few provinces that the epidemic was so seriously interfering with organization work the question of postponing the campaign was considered by members of the executive during the past week. Today's meeting was called specially to determine what action should be taken.

The main feature of the postponement was, immediate need for money to be raised; the uncertainty as to how long it will take for the epidemic to die out in the various provinces and the cost of organization work at the same time; the bad weather later in the year preventing thorough canvassing; the additional expense involved and the loss of that moment when the public has been most receptive to the campaign, which is already apparently manifest.

The chairman, E. R. Wood, reported that he had telegraphed every province asking for a survey of the situation and financial standing of each, and an expression of opinion from the health officer as to when conditions might be expected to be better. Some localities where the epidemic has been the worst, though far from being the most serious, have suffered appreciable financial impairment.

Reports received by telegraph from nearly every province were unanimous in favor of going on with the drive as originally planned. Encouragement was derived from the fact that the entire United States Liberty bond was the biggest financial effort of the war, and has been conducted under very serious influences and difficulties, and carried to a successful conclusion.

It was felt that the public would appreciate the difficulty which the epidemic created and respond to the canvas even more sympathetically and effectively than if conditions were normal.

On the basis of the foregoing facts and considerations the meeting decided to the unanimous decision to proceed with the campaign as scheduled. The drive therefore will open Monday next, October 28.

### TERMS OF VICTORY LOAN, 1918

Sir Thomas White in his speech at Winnipeg on October 8th announced the terms of the Victory Loan 1918 as follows:

Through the prospectus of the fifth Canadian loan, the Victory Loan of 1918, it is mentioned that the loan will ask for a minimum amount of \$300,000,000, with the right to accept all or any part of subscriptions in excess of that sum to be used for war purposes, and to be repaid annually in Canada. The rate of interest will be 5½ per cent, per annum, payable May 1 and November 1, and the denominations \$5, \$10, \$50 and \$100. The loan will be in two parts, due November 1, 1923, and 15 year bonds, due November 1, 1933.

The issue price will be 95 and accrued interest for both months preceding the issue date, making the income return 5½ per cent per annum. Provision is made for payment in five instalments, as follows: 10 per cent on application; 20 per cent, December 6, 1918; 20 per cent, February 6, 1919; 20 per cent, March 6, 1919; 21 1/2 per cent, April 6, 1919. The last payment covers 30 days balance of principal, 1 1/2 per cent, representing a total interest of 5½ per cent from November 1 to the date of the respective instalments. As a full half year's interest will be paid on May 1, 1919, the cost of the bonds will be 95 1/2 and accrued interest. Payment may be made in full at the date of application at 100 without interest, or on any instalment due date thereafter with accrued interest at 5½ per cent. Some heavy bonds will be available for delivery at the time of application to subscribers desirous of making payment in full. Bonds registered as to principal only, or as to principal and interest, or as to authorized denominations, will be delivered to subscribers, making payment in full as soon as the required registration can be made.

Bonds of this issue will be free from

imposition of any income tax imposed in pursuance of legislation by the Parliament of Canada, and will carry the privilege of conversion into any future domestic issues of like magnitude or longer, issued by the Government, during the remaining period of the war.

Subscription lists will be open on October 28, 1918, and close on or before November 14, 1918.

### A VICTORY LOAN CATECHISM -

Q. What is the Victory Loan, 1918?

A. It is Canada's second Victory Loan and fifth war loan.

It is the promise of the Dominion of Canada to repay the tender the sum named upon it at the time stated.

Q. What security stands behind this loan?

A. The war debts of the Dominion of Canada.

Q. What was the last Victory Loan raised?

A. In November, 1917, when \$420,000,000 was subscribed.

Q. What has been used to prosecute Canada's part in the war and to finance the war?

A. Funds have been raised by taxation,

by loans from the Bank of Canada,

by contributions from the people,

and by the sale of Victory Bonds.

Q. How was the money spent at home?

A. In many ways. The British Government was given large amounts of these loan orders were placed in Canada for munitions, wheat, spruce, salines, and other things needed by the army.

Q. Why did Great Britain need these advances from Canada?

A. They were needed to offset Britain's advances to Canada in army expenses overseas.

Q. How does the loan effect the people of Canada?

A. It gives the bondholders the greater part of the wheat crop, and provides a market at good prices for dairy and animal products.

Q. What would have happened to the wheat crop if the loan had not been used, the price would have been greatly reduced, and the cheese and bacon would have been a drug in the market.

Q. Has the loan established any new industries?

A. It has created many new industries, such as shipbuilding, aircraft, and automobile manufacture.

Q. What do these mean to the country?

A. The employment of thousands of well-paid men and women and their development into highly skilled workers.

Q. Does the loan reach widely in the distribution of the money?

A. It reaches virtually everybody in Canada. All sections of society benefit, while the financial and mercantile classes all reap their share as middlemen.

Q. Why is it necessary to raise the loan in Canada?

A. Because there is no other place to raise it. Our Allies are burdened to the limit and we must carry our own load.

Q. Why is Germany fighting?

A. To save herself and civilization from this dastardly attack on the world's freedom.

Q. What part has money in this fight?

A. While armies of men are indispensable, no country can make war without "silver bullets."

### FIVE MILLION DIED OF STARVATION

It is estimated that nearly five million people have died of starvation or malnutrition during the war. This total is more than half the population of Canada.

You are saving for Victory Bonds.

#### EDITORIAL NOTES

"It is evident that we shall not reach the moment when we never have again a path of gold, excepted with human blood." —Lloyd George.

"The success of the Victory Loan is absolutely equal to the prosperity of Canada and every class and individual in Canada." —Sir Thomas White.

Influence, which is now sweeping over Canada from one end to the other, is a very strong steamer, which has been in operation since as early as 1910 it overran the whole civilized world. For centuries it has periodically swayed over great parts of the world, bringing grand world empires to an ignominious end. It is now known by the French name la grippe. The disease, however, has always travelled from east to west.

The dietary rules which apply to any fever apply equally to influenza. Large quantities of meat, solids a little later on in granular form, should be given with lightly boiled fresh eggs to chicken, roast joints, etc. Water, cold or hot may be sipped or "egg water" may be given. The excellent diet is one of broths, a pint of rice or a pint of cold water, etc., whipped whites of from 2 to 4 eggs, flavored with salt or cinnamon. Then the animal should be let alone. There are many cases where even the lightest foods are spurned with loathing and common sense must be used in adapting diet to the particular case in hand.

#### NO TIME TO LET UP

"Recent events have enhanced, not lessened, the importance of this loan and I hope that my fellow countrymen will realize the fact that the thing that could happen would be that the loan should not be fully subscribed, but very greatly oversubscribed. We are in the middle of the greatest exercise of self-sacrifice that has ever been witnessed, or forced, and a single day of relaxation in that effort would be of tragic damage alike to ourselves and to the rest of the world. Let us, however, remember that makes it possible to do anything but push our effort to the utmost. The time is critical and the answer must be complete." —President Wilson.

#### KEEP UP OUR PROSPERITY

"The Victory Loan is a vital factor in our economy and continues to grow in popularity. The great bulk of our chief products are bought by Great Britain for the use of her civilian population at home and her armies in the field. She buys the salient articles of life, including the most expensive article of the when of the western prairie and of the flour manufacturers from H. She buys the cheeses of the eastern dairy belt, the bacon of the West, the hundreds of meat packing plants in Canada which, in turn, take the product of our great steel plants. This means a large employment of tens of thousands of Canadian workers. Great Britain pays for all these products? For the greater part the Dominion Government furnishes her with money. Where do we get the money with which to supply her? From our Victory Loans." —Sir Thomas White.

#### VICTORY LOAN APPEAL TO REACH EVERYBODY

It was an occasion well worthy of the dignity attaching to it, when on October 17, his excellency, the Governor-General of Canada, raised the loan honor flag at the Royal Canadian Mounted Police barracks in Ottawa, marking the beginning of the second Victory Loan campaign. While the bands were playing "O Canada" the military officers were at their posts, the police and all other men with bared heads, the Duke of Devonshire thus inaugurated a campaign second only in importance to that conducted in the fields of France and Flanders by Canada's other half overseas.

This is but one of many arrangements made by the Dominion Publicity Committee of the 1918 Victory Loan to bring home to the public the importance of the campaign into which the Dominion is about to enter.

From the top floor of the Ryrie Building, Yonge and Shuter streets, Toronto, the Exempt Engineers, a team of inspiration leaders, have over a hundred tons of printed publicity matter. That means a total of 35,000,000 pieces, and in addition, a record of every piece. The task was col-

lossal, but it means that in every store window in Canada posters will be displayed, that every post office will be decorated, that every school board in Canada large posters measuring 24 feet by 10 will be posted and in five different designs.

That means that every city or town that exceeds its quota will be given an honor flag by the governor general, that honor buttons will be given to every man, woman, and child who buys a bond, that means that an appeal will be made, from every corner in behalf of the men who offered more than money in the campaign across the water.

For the success of the Victory Loan is the success of the war effort, bearing directly upon the safety and expansion. It has been arranged for and the greatest movie stars in the world are taking part.

Henry Gardner, the human fly, has been engaged and will climb the outside wall of some rail office or factory building without using other than his own hands to help him. Phonograph records will be made by Sir Edmund White, Minister of Finance, with distribution to the smaller centers so that outlying districts may have the benefit of his voice.

It is not too much to say that the work done and being done by this busy committee that it would require a page to tell it all. R. A. Stephenson, Chairman, says he will be satisfied if none of it is told so long as Canada measures up to her financial responsibility.

#### CANADIAN SENTIMENT

"If I read aright the sentiment of Canadians, they do not so greatly desire peace as to wish to conclude it before the Kaiser and his crew have been beaten beyond the possibility of beginning anew the deadly game they have so successfully played in the past three decades."

"The price paid so far in blood and sacrifice is so great that surely to satisfaction will be an incomplete result. The Hun was not promised, or made, restitution—he has not yet shown the least sign of repentance. Sir Kaiaphas, the Canadian soldier, so far as we can see, still does duty among the people. There is no hope for peace until this is changed. The war must go on until the desired change occurs. Nor can we yet see how the propositions discussed by President Wilson can be successfully realized unless under the compelling force of an unconditional surrender." —Sir George Foster.

#### POINTS TO BE REMEMBERED

"The war has cost Canada one billion dollars.

"The war is not yet ended. Even if the fighting does end in the near future, the military expenditure will remain high until the soldiers are demobilized.

"125,000 Canadians have gone overseas and Lord Shaughnessy says that it will probably take 18 months to bring them back.

"If we were to end tomorrow it would probably cost \$250,000,000 to demobilize the Canadian soldiers.

"For Canada's Expeditionary Force Pay and Allowances alone amount to \$100,000,000 per month, whether the men are fighting or not."

"The \$100,000,000 destined through the Victory Loan, this year's war bill will be equal to four-fifths of it."

"Read and listen to the broadcast of the master, receiving through the Victory Loan will go to finance the return of Canada's products to Britain.

#### NO TIME TO WAVER

"It is possible that German's peace offensive may cause wavering, but among our gallant allies, but among our gallant allies, there is no wavering and what the effect on the world would be of a great over-subscription in the approaching Victory Loan campaign in Canada?" That would be a magnificent contribution to Canada's war effort.

"When the Hun first used his poison gas on the battlefield, it was a long time before anyone could say that saved the situation. It may be that the Hun will not be able to find a similar service now."

"We will watch, therefore, for the Victory Loan campaign and the Canadian men until unconditional surrender by the foe is an accomplished fact is not to relax but to redouble our efforts to win the war."

"This is the further consideration, that supposing peace could be declared to-morrow, on terms satisfactory to the allies, Canada's war experience would be such that the full necessity for raising the full amount of the loan would be none the less urgent."

E. WOOD, Chairman, Dominion Victory Loan Committee.

## Clareholm Local News

Barbarian by buying Victory Bonds.

Mr. Carl Galdi is reported to be very ill.

Happy Erickson left on Thursday for Edmonton.

Miss Hood spent a few days in Calgary last week.

Pte. Harry Owen spent a few days in Macleod this week.

Born to Mr. and Mrs. J. C. Hooper, Sunday, Oct. 29, a son.

The Public School will be closed again during next week.

Mrs. W. Lyndon is in Calgary hospital undergoing treatment.

Born to Mr. and Mrs. Wilfred Gibble, last Monday, a daughter.

Mrs. F. S. Law returned from Flagstone, B. C., last Thursday morning.

Mr. W. Kirby left on Wednesday night for his home at Pendleton, Ore.

The MacLeod Fall Assizes has been postponed owing to the influenza epidemic.

J. W. Hallett went to Calgary on Friday and returned with a new Gray Dot car.

Mr. and Mrs. Sam Barkley left today to spend the winter in British Columbia.

Mrs. Seymour, of Nanton, has been visiting her daughter, Mrs. Fuxcroft, this week.

Pte. McLeod, of Carmangay, was reported killed in action in Mongolia causally list.

Mr. David Williams returned to his home in Watah Walla, Washington, on Tuesday night.

A man who had moved into town and is residing in the house vacated by Dr. Brewster.

Mr. Leone Clark sold his farm N.E. of town last week and purchased a ranch west of Graman.

Mr. Nick Taitenner has been suffering for the past week with a broken rib as the result of a fall.

Mr. and Mrs. William Whitfield left for Franklin, Idaho, last Tuesday morning to visit with relatives.

A. E. Strange wishes to announce that there will be no auction sale until the influenza epidemic is over.

Mr. Melvin who has charge of the Victory Loan campaign in this district spent several days in town this week.

The Farmers' Garage to run by Smith and Maxwell. Their announcement appears on another page of this issue.

Dr. Brewster left for Calgary last Monday where he will make his home in the future. Mrs. Brewster and family left, later in the week.

Rev. Mr. Aylward, who has been supplying the Presbyterians Church for the past two years, left for his home at Emerson, Manitoba, Wednesday night.

Ariel Bros. left Edmonton by auto on Wednesday morning. They will spend the winter there and return here in the spring.

The Victory Loan camping organization has established headquarters in the Milnes Block, and officials connected with the loan will be there every day during the campaign.

The Drug store has just secured a stock of Oil of Eucalyptus. This is considered one of the best disinfectants and very valuable as a preventive oil of colds.

The Fox Theatre is closed and will remain so until it is remodeled as a protection against the Spanish Influenza. It will be announced by poster or hand bills when the theater is to be reopened.

Major School's lecture last Saturday under the auspices of the Victory Club drew a full house, and all who attended speak in high praise of the entertainment given. The proceeds for the Red Cross amounted to \$7,470.

A Victory Loan flag will be presented to every church that secures its quota for the Victory Loan. The objective for the Clareholm district is \$15,000. Clareholm district should be able to surpass this amount.

Angus MacKay, son of Captain MacKay, met with a painful accident last Monday. While cranking his tractor it back-fired and the handle struck him in the forehead causing unconsciousness of the brain. He is now progressing favorably toward recovery.

The Victory Loan committee will be open on Monday, next in the Milnes Block. T. D. Lewis or R. K. Peck will be there to give information and to receive applications.

The Victory Loan Committee has been much abroad lately. There has been some adverse criticism regarding the color selected for the front of the church. Some are at loss to know whether to blame the painter or the storm.

The posters for the Victory Loan which have been exhibited in most of the public places in the town have attracted considerable attention. The one with the soldier at the grave of a fallen hero, with the poppies growing all around is the one that won the \$1000 prize.

On Thursday a wire was received by W. W. McAlistair, stating that his son Frank had died on the morning of Oct. 22, 1918, at Ft. McPherson, George of mononucleosis and encephalitis. The body will be shipped to Clareholm for interment. Funeral arrangements later.

Although no case of influenza have developed right in town the Health Board thought it wise to close the schools, pool rooms, churches and movie, for a short time, until the danger is past. A few cases have been reported in the country, but all of them seem of a mild type.

Mr. T. C. Taylor died suddenly at Bend Ore. last week. Deceased left his home three days ago to attend a funeral in a more convenient place, and shortly after his arrival he was taken with heart failure and without any warning passed away. He owned considerable land in this district and his name came up every year to bid for his interests.

A card party at which some twenty-five players were present was held on Saturday evening. The house had not been active since closing the pool rooms and other public places during the influenza scare. It would seem as if this was a violation of the order of the council. The public should at least be warned of those who issued the order setting the example themselves.

Interest rates are becoming quite erratic. No one is allowed on the trains unless he is well. A medical authority said that if these were used by everybody that the dreaded influenza would be checked in the week or two following. All the cases in Alberta appear to be of a milder type than that which has caused so many deaths in the east.

## VICTORY LOAN CANVASSERS

The following canvassers have been appointed:

For the S ½ of 25 and the N ½ of 25, Mr. and Mrs. S. C. Williams, S. ½ of 12 and N ½ of 25, N. Taitenner, G.W. Miller.

Forces, each attraction  
That leads you away from your  
part!  
What part'll you have shown  
In this VICTORY LOAN?  
Will you back in with all of your  
heart?

Canadians fighting  
Are daily fighting  
Their Allies with proof of their  
skill!

The few they're pursuing  
How much are YOU doing  
To give the mad Kaiser his!!!?

You know of a way  
You can help win the fray—  
Quebec clearly this way has been  
shown to us  
'Canadians all'  
Arise at the call  
AND CARRY THIS VICTORY  
LOAN!

—William F. Kirk.

SIR THOMAS WHITE ON VICTORY  
LOAN

interesting Addres\* Delivered by  
Finance Minister at Calgary Be-  
fore Editors and Loan  
Workers

Sir Thomas White, financial min-  
ister of Canada, was the chief speaker in a day of inspiration for the  
Victory Loan workers of southern  
Alberta who were assembled at the  
venue of the Canadian Federal  
Meeting, Calgary, Friday, Octo-  
ber 18. The meeting, which was pre-  
sided over by Mr. Wm. T. Wolfe, chair-  
man of the Southern Alberta exec-  
utive, was composed of newspaper  
editors and workers in the Victory  
Loan, drawn from all points in  
southern Alberta.

At 12:30 the visitors were enter-  
tained to luncheon and a general pro-  
gramme in the Palmer Auditorium.  
Mr. G. O. Moore, Mr. Wolfe called the  
business meeting to order, when it  
was most interestingly addressed by  
Mr. J. C. Woods, editor of the Calgary  
Herald until the arrival of Sir  
Thomas.

Sir Thomas Speaks

In opening his address the minister,  
in view of the fact that he was ad-  
dressing so many members of his  
fourth estate, expressed his desire to speak  
to his early days spent on the press in  
Toronto. "It is a special pleasure, therefore, for me to meet the gentle-  
men of the press here," he said, "and  
I desire that the occasion may be  
one of mutual enjoyment and mutual  
public acknowledgement to the press for  
the splendid support and assistance I  
have received ever since I became  
finance minister. I would be lacking  
in courtesy and failing in my duty if  
I did not thank you especially to J. H.  
Woods of the Calgary Herald, who  
last year was president of the Cana-  
dian Press Association, and who did  
splendid and magnificent work as  
chancellor of the press publicity com-  
mittee of the war."

"It would be impossible for a min-  
ister of finance to carry on the fin-  
ances of the Dominion of Canada  
without the responsible co-operation  
of the press. I am grateful to you all  
for your help in this regard. I am  
sure that you are doing your best  
as assistants in every possible way  
to carry on what would otherwise be  
impossible, for the shudders of one  
to bear, you can take that satisfaction  
in full measure."

Final Outcomes

Sir Thomas reviewed at some  
length the difficulties that had arisen  
in connection with the finances of  
the country. It was, he said, in July  
last year, owing to the fact that  
the two loans to the war and the  
closing of the New York market  
that Great Britain found herself un-  
able to continue her purchases in  
Canada of Canadian wheat, the rea-  
son of a lack of funds and her referred  
to the urgent message, he had re-  
ceived from Premier Lloyd George  
and Bonar Law—most urgent mes-  
sages—asking that credit should be  
furnished for the purchase of wheat  
by Great Britain in Canada. Canada  
had been asked to furnish last  
year \$192,000,000.

"Then," said the minister, "we rec-  
ognized that there was a rearrange-  
ment of our plan of finance, and he spoke  
of the co-operative effort that had  
been made in connection with the  
Victory Loan of 1917, paying a great  
tribute to the 11,000 or 12,000 men  
from Alberta who had given their lives  
in that war. That loan had been  
unprecedented in securing \$417,-  
000,000 from \$60,000,000 subscribers."

"Up to 1914 the Dominion of Can-  
ada had been able to secure a loan  
in Canada on its borders of \$50,000,-  
000, yet after four years of war, by  
organized effort, the fine spirit and  
patriotism of the people of Canada  
raised the enormous sum of \$400,000,-  
000. The purpose I have mentioned  
I think was the greatest effort in the light of relative popula-

tion, than, that of the Allied countries  
have made, since the commencement  
of the war."

Would Expect Efforts

Continuing, Sir Thomas said that  
through their efforts last year had  
been unprecedented the year this  
year was going to exceed them. They  
were looking forward with confidence  
to a total of \$450,000,000 from 1,000,000  
people. "I am sure we will get it," he  
said and, "I am sure we will get it."

The few they're pursuing  
How much are YOU doing  
To give the mad Kaiser his!!!?

You know of a way  
You can help win the fray—  
Quebec clearly this way has been  
shown to us  
'Canadians all'  
Arise at the call  
AND CARRY THIS VICTORY  
LOAN!

—William F. Kirk.

The minister's reference to the  
wonderful efforts of "our  
many persons" to achieve  
success was frequently punctuated  
with resounding applause, and he  
went on to relate how George L. Goye,  
head of the Canadian forces, had  
stated that Valois in 1915 "he had  
been specially struck in connection  
with this when last year he crossed  
from Folkstone to Boulogne. 'If Ger-  
many had got Calais in 1915,' he said,  
"then we would have had to make  
a long detour, but the British had  
realized that there has been more  
time, to effect efficient working  
order, and of course, we will profit  
by the experience gained last year." A  
tribute was paid by Sir Thomas to the  
extraordinary keenness and enthu-  
siasm of the organizers engaged  
in the work this year.

The minister's reference to the  
wonderful efforts of "our  
many persons" to achieve  
success was frequently punctuated  
with resounding applause, and he  
went on to relate how George L. Goye,  
head of the Canadian forces, had  
stated that Valois in 1915 "he had  
been specially struck in connection  
with this when last year he crossed  
from Folkstone to Boulogne. 'If Ger-  
many had got Calais in 1915,' he said,  
"then we would have had to make  
a long detour, but the British had  
realized that there has been more  
time, to effect efficient working  
order, and of course, we will profit  
by the experience gained last year." A  
tribute was paid by Sir Thomas to the  
extraordinary keenness and enthu-  
siasm of the organizers engaged  
in the work this year.

External Credit

"It is to the credit of Canada  
that the Canadian forces have

taken the lead in this war," he said.  
"The German forces were up in the  
air, and the British were down in the  
air, and they had to start everything  
from the ground up. And they nearly  
succeeded. Why they did not succeed,  
we do not know. Then came the great  
success at General Foch's, when  
the whole Allied line has gradually  
gone forward, and the German army  
is now in full retreat. All that trans-  
pired in a few months, the enemy being driven  
out of France and Belgium into its  
own lair."

Ste Foch

"Then the German peace offers  
started," said Sir Thomas, "and he said  
they would be glad to evacuate  
Belgium and France. Of course, they  
would be glad to evacuate," said Sir  
Thomas, "but we do not know  
what the Germans had in mind  
in connection with the Hohenzollern dy-  
nasty, which is overthrown," said Sir  
Thomas, a remark which was ap-  
pealed to the echo. "No responsible  
soldier can be expected to fight  
a day or moment longer than was  
absolutely necessary," he said; "but hav-  
ing regard to all the blood and trea-  
sures and heartbreakings of this terrible  
struggle, it is understandable that  
they must not overlook the fact  
that, though we were not  
fighting in their country's name,  
they thousands of miles from home,  
thus their effort was not con-  
fined to raising an army of 500,000,  
but to equipping it and sending  
it thousands of miles away." The  
Government had spent \$1,000,000,000  
on the war," he said, "and the present  
expenditure is over \$1,000,000 a day."

Budget of 1917 Loan

Sir Thomas turned again to the  
prosperity of Canada. "In view of  
the sacrifices made by those who have  
gone forth, one does not like to speak  
of material prosperity," he said, "but  
I do not see any analogy between  
the war and all that the better  
condition we are in financially  
the more capable we will be, carrying  
out the war. And much of the  
progress we have made, I believe, came  
from the Victory Loan of 1917," he said.  
The minister had no hesitation  
in saying that had it not been for  
the Victory Loan and its success  
conditions in Canada today would be  
very different, and what they are.  
"And we have made a great  
effort to insure the success of  
the loan, and the money we did there,  
would have been very considerable depression in all  
parts of Canada, whether agricultural  
or not."

In reviewing how the country had  
benefited by the loan, the minister  
referred to the shipbuilding of Brit-  
ish Columbia at the present time.  
Every dollar paid by the Imperial  
War Board had been furnished by  
the Dominion government.  
Military ship building by the  
Ministers Board came from the last  
Victory Loan. There was an ade-  
quate production of ships and  
arrangements had been made for  
that purpose in the world. Nine to ten  
million dollars had been expended in  
that direction. In the prairie prov-  
inces there was the wheat crop, and  
arrangements had been made where  
by the exportable surplus was par-

chased at prices fixed by the wheat  
commissioners. The same also ap-  
plied to the cheese of Ontario and to  
the commodities of many basic in-  
dustries. So far as the present concern  
was to find the funds required  
of the last Victory Loan, he said.

"There was, therefore, a personal in-  
terest on the part of everyone, in Can-  
ada to make a sufficient victory loan  
so that we could only reach their final  
goal, but would extend their fine  
contribution of last year."

Time is Opportunity

The minister of finance then turn-  
ed his attention to the situation in  
Europe. The situation as regards the  
loan was excellent, but this could not  
be more favorable than at the present time.  
"It is difficult for us to think of  
any time in history of ours when  
there was such a lack of opportunity  
as exists at the present time," he said.  
"There is a time to husband resources  
to realize that the time of plenty and  
ease is a time to husband resources for  
the inevitable reaction. At any time,  
thrift is an armour against adversity,  
and an ally in the struggle for success.  
But under the present abnormal cir-  
cumstances thrift is like a lifeboat to  
a person drowning in a tempestuous  
sea. It is an insurance against want  
and dependence if, after the war, there  
is a great industrial depression."

THE GREAT PROTECTION:  
THRIFT

If the war ended next month how  
many people would enter the new and  
difficult peace era with considerable  
savings? And the present location of  
values? The average household, as  
we are well aware, have found a  
means of cutting down their margin  
for saving. Some have found their  
increased earnings quite inadequate  
to meet their heavier outlay. But  
there are plenty of others who are  
earning more than ever before—large sums  
more than ever before. They  
realize that the time of plenty and  
ease is a time to husband resources for  
the inevitable reaction. At any time,  
thrift is an armour against adversity,  
and an ally in the struggle for success.  
But under the present abnormal cir-  
cumstances thrift is like a lifeboat to  
a person drowning in a tempestuous  
sea. It is an insurance against want  
and dependence if, after the war, there  
is a great industrial depression."

THE USE OF THE APPLE

"Who makes a liberal use of  
apples will serve the dual purpose of  
saving for shipment overseas such  
articles of food as are fit for that pur-  
pose and at the same time furnish a  
useful and valuable food for the house-  
hold."

"The apple without any question is  
the king of fruits, whether fresh, dried,  
evaporated, frozen, salted, or whole,  
some food easily prepared, attractive  
and palatable at all times."

"Always cook apples in earthen or  
granite vessels and use silver, granite  
or wooden spoons for stirring. The use  
of the apple as the basis for all  
manufactured jam is well known.  
This is due to the large amount of  
potash which is present in the apple.  
This is due to a good apple; even the  
paring and core may be utilized for  
jelly. Fruits are classified as flavor  
fruit and nutritive fruits—the apple  
comes under both of these heads."

Extracts from a little booklet issued  
by the Fruit Branch of the Dominion  
Department of Agriculture giving  
some food recipes for use of apples. The  
book can be had free on application  
to the Publications Branch, Department  
of Agriculture, Ottawa.

THE DISEASES OF THE TOMATO

Few people have ever stopped to  
consider the number of disease  
to which the tomato plant is subject. A  
bulletin recently issued by the Direc-  
tion of Botany of the Experimental  
Farms enumerates forty-four of these  
diseases, and possibly there may be  
more. Many complaints to which the  
potato and other vegetable plants  
are subject are also common to the  
tomato, the five plants all being mem-  
bers of the Nightshade family. Mr.  
McCubbin, Assistant in Charge of the  
Plant Pathological Laboratory at St.  
Catherines, Ontario, is the author  
of the bulletin which can be had free  
upon application to the Publications  
Branch, Department of Agriculture,  
Ottawa. It consists of sixteen pages  
with three full page plates showing  
some of the diseases at the various  
stages. At a time when vegetable  
gardening is so general, there should  
be wide demand for the bulletin,  
which indeed no grower of the tomato  
should overlook.

NO Doubt of Issue

"The issue will be long," concluded  
Sir Thomas. "We have to wait  
until the full fruit of the  
story are consummated. I do not  
see that any lasting peace is pos-  
sible in the world until the demo-  
cratic nations have won their  
victory. Great Britain, in Canada,  
in the United States, and France are  
among the greatest nations of the  
world."

"And who has great Britain  
against him?" Sir Thomas has  
brought up his hand and turned without  
stint. She has a nation of  
twenty-six billions today. She  
has added seven billions to her Allies  
and her enemy like us to support  
her. Allies," Sir Thomas said.

"She," he said, "has handled some  
\$100,000,000 in gold for Great Britain."  
NO Doubt of Issue
